Names Memory Test

Instructions:

The next 2 pages contain 32 pictures of faces, each with a first name.
You must memorize as many names and faces as possible in the next **10 minutes**.

After memorization you will have 10 additional minutes to write as many of the names as possible under the pictures.

Remember:

Convert their name into an image.
Find a distinct feature on their face.
Then, imprint that image to their distinct feature.

For example:

Sandra

The name Sandra makes me think of <u>sand</u>.
To me, her distinct feature is her <u>red lips</u>.
Imagine sand getting stuck on her red lips.

Once you're ready, set your timer for **<u>10 minutes</u>**.

<u>RECALL</u>

Instructions:

The same 32 faces have been rearranged in a different order on the next 2 pages.

You now have 10 minutes to write down as many names as you can remember.

Type the names in the fillable areas underneath the pictures (or write them out if you printed this).

Set your timer for **<u>10 minutes</u>**.
